Honorary Doctorate Degree in Science (Applied Biology)

Professor Dr. Mike Yuan-Kuang Guu was born on 1st of October 1954. Prof. Dr. Guu earned his bachelor's degree in chemical engineering, and a master's degree in food engineering, both from National Taiwan University. He earned his Doctor of Philosophy in food engineering from Cornell University in New York, USA in 1991. During 2006-2014, he was appointed as President of National Pingtung University of Science and Technology (NPUST), Taiwan. In 2014, he was appointed to the position of President of National Pingtung University (NPTU), Taiwan. Moreover, he has also been appointed to many important posts throughout his working career. For example, he served as Chairman of Taiwan Agricultural Education Association, Member of the International Association for Science and Technology for Grains, Australia. He also received Honorary Doctorate from many universities from Thailand and other countries.

In 2011, as President of NPUST, he supported and encouraged the signing of academic cooperation with Rajamangala University of Technology Thanyaburi. It was a great way to promote cooperation, like granting doctoral scholarships for Rajamangala University of Technology Thanyaburi students and receiving RMUTT undergraduate students on Cooperative Education Program. He encouraged NPUST faculty members to exchange new research knowledge at Rajamangala University of Technology Thanyaburi. At Present, while he is serving as President of NPTU, he continues to cooperate with RMUTT by signing the academic cooperation in 2015. NPTU receives a total of 20 RMUTT students for cooperative education, and 7 faculty members from RMUTT have been accepted and undergone trainings in professional experience at NPTU. In addition, two master's degree scholarships were awarded to RMUTT students. This year, NPTU was invited to co-host "The International Conference on Science and Technology" (TICST) organized by the Faculty of Science of RMUTT on 7-8 December 2017.

Academic achievement: his knowledge and capability is widely recognized in national and international level. As well as promoting and supporting the strong continuous cooperation with Rajamangala University of Technology Thanyaburi. The Rajamangala University of Technology Thanyaburi Council conferred and awards the Honorary Doctorate Degree in Science (Applied Biology) as honour for his great contribution in the society.
